

Laura's Schoolwear hope to re-open for business on Monday June 8th 2020. In line with the present government guidelines it is our initial intention to operate an appointment only service with a specific emphasis on incoming Junior Infants. To make an appointment, please ring us or email us at your earliest convenience.

To facilitate social distancing and to follow all safety guidelines we will offer appointments to Greenmount National School parents from Monday June 15th and Tuesday June 16th 2020.

[Ideally, if you would like to email us with your requirements we will have your package ready for collection from Laura's Schoolwear or alternatively post your uniform to you.](#)

To ensure a safe working environment we would appreciate adhering to the following recommendations.

- We would appreciate where possible that one parent visits our store.
- Please check the size your child was wearing last term. (Even if this was for another school).
- At this time we are unsure if the new guidelines will allow us to offer a fitting room service, please do your best to know last year's sizes.
